EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Applicant's election of Group II (claims 6-19) in the reply filed on 10/7/05 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the presence of claims 1-5 directed to non-elected without traverse. Accordingly, claims 1-5 have been cancelled.

Please cancel claims 1-5.

The following is an examiner's statement of reasons for allowance:

Claims 6-8, 10-13, 15-19 are allowed because none of the prior art alone or in combination teaches or suggests the particular subset of the device steps in junction depth of the source and drain regions ranges from 20-60 nm from a lower surface of the NiSi layer, Ni atoms exist in the source and drain regions, and a concentration of the Ni atoms at the junction depth being at $1.6 \times 10^{14} \text{ cm}^{-3}$ or less.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
